Bridgeport School District App – Set Alerts

- Using the app on your smart device – click “Newsfeed”
- In the upper right corner, click on the three parallel lines – this will take you to “Resources”
- Scroll down and under “App Settings” - you will find “My Alerts”
- Under “My Alerts” - you will be able to enable/disable (turn on/off) any building for which you do not have children and therefore do not wish to receive news from that building. (For example, if you have two children who are in first grade and in fifth grade, you could disable (turn off) High School News).
- Note: All are currently turned on, by default so you will continue to receive all news from all buildings unless you wish to follow the above steps to disable any areas.
